

Test & Measurement and Electronics

ITW's Test & Measurement business provides specialized test and measurement solutions with leading technology to a diverse set of customers operating in highly regulated, demanding environments. ITW's Electronics business provides manufacturing and maintenance, repair, and operations (MRO) solutions and technologies that serve the semiconductor, industrial, life sciences, and automotive industries among others.

This web site is provided to satisfy the virtual patent marking provisions of various jurisdictions including the notice provisions of 35 U.S.C. § 287(a).

The following list of ITW Test & Measurement and Electronics products and associated U.S. patents may not be all inclusive. Other ITW Test & Measurement and Electronics products not listed may be protected by one or more patents. Additional patents may be pending in the U.S. and elsewhere.
